

TWO ARE KILLED IN STRIKE RIOT

Mob Attacks Works of Carnegie Steel Company at Braddock, Pa.

BATTLE LASTS AN HOUR

Rioters Finally Forced to Retire in Face of Deadly Fire From Deputies and Guards

SCORE INJURED SERIOUSLY

PITTSBURGH, Pa., May 2.—Preparations were made tonight by Brig. Gen. A. J. Logan, commander of the second brigade, Pennsylvania National Guard, to have four squadrons of cavalry take charge of the situation tomorrow at Braddock where two men were killed, four probably fatally hurt and a score of others seriously wounded in a riot at the Edgar Thomson works of the Carnegie Steel company late today.

The Eighteenth regiment of Pittsburgh and the Tenth regiment composed of companies from southwestern Pennsylvania have been expected to be mobilized and held in readiness to go to the strike zone if necessary. Three alleged strike leaders were placed under arrest tonight on coroner's commitments issued by Coroner Samuel C. Jamison as a result of the riot at Braddock. Each is charged with being an accessory before and after the fact to murder. Those arrested are Anna Bell, H. H. Detweiler and J. H. Hall. The arrests were made following a personal investigation of the riot by the coroner. All were committed to jail to await the action of the coroner's jury. Coroner Jamison said other arrests would follow.

Swear In 2,000 as Deputies.
The situation is quiet tonight but 2,000 citizens of the borough have been sworn in as deputies and are patrolling the streets. The district attorney, R. H. Jackson, announced that he would take steps at once for the deportation of all foreigners connected with the trouble.

The riot was the climax of a day of disorder in the boroughs of Braddock and Rankin during which mobs stormed the plants of four big steel companies, drove the workmen out and then partly wrecked the interior of the plants.

Many of those injured in the fighting at the Edgar Thomson Works were spirited away by the rioters and for hours after quiet had been restored injured continued to be brought to hospitals for treatment. Snipers hidden in doorways and windows near the Thirteenth street entrance tried to pick off deputies who were fighting to hold back the mob and two deputies were said to have been hit.

Women Join in Fight.
Women also joined in the mad fight to gain entry to the works and two of these were wounded.

The mob first attacked the office of W. J. Dixon, superintendent of transportation at the Edgar Thomson Works and with clubs and stones wrecked it. Deputies, rushing to prevent the destruction of the office were compelled to use it as a barricade and from behind the wreckage they poured shot after shot into the mob which withdrew. After stoning the plant for 45 minutes another charge was made and in a hand to hand struggle, the deputies and guards were forced back inside the plant.

Deputies who had been on guard duty at the Westinghouse plants in Wilmerding and East Pittsburgh, were dispatched to the scene but were forced to fight their way to the sides of the other deputies who were gradually being forced further back into the plant. After a fierce battle which raged for several minutes the mob was forced back out of the gates and finally compelled to run for shelter before the hot fire of the deputies.

Reports received here tonight said that two companies of state constabulary which have been on strike duty at Wilkes Barre, Pa., have been ordered to Braddock and will arrive tomorrow morning.

Pickets Worried in Encounters.
The movement started early in the day when a procession was organized by Westinghouse Electric & Manufacturing company strikers at East Pittsburgh to bring out the workmen in the other factories of the Turtle Creek and Mongogahela Valley in support of their demand for an 8 hour day. They had been defeated in a similar attempt yesterday and the marchers were angry when they set out. Pickets who had been stationed at a number of Braddock factories had been worsted in encounters with workmen as the men were going to work, and the plants of the American Steel & Wire company, a United States Steel corporation subsidiary, and a number of other plants had been shutdown as a protection

PAY LARGE SUMS TO RETIRED MINISTERS

REPORT IS PRESENTED TO GENERAL CONFERENCE OF M. E. CHURCHES

Board of Bishops in Episcopal Address Endorse Proposal to Re-unite All Branches of Methodism—Reviews Work Since General Conference of 1912.

Saratoga Springs, N. Y., May 2.—More than \$1,200,000 was paid by the Methodist Episcopal Church during 1915 toward the support of superannuated and retired ministers and the widows of ministers. This fact was shown in the report presented by the board of conference claimants to the general conference of Methodist Episcopal Churches today.

"The amount required annually to meet the legal claims of the entire church is about \$1,800,000," the report said. "In 1908 Methodism was paying \$600,000 of these claims, leaving a shortage of \$1,200,000 for which no provision was made, but 1915 the church paid \$1,225,226, and today is facing the joyful problem of providing an additional annual income of \$600,000 so that Methodism may be clear on the books."

The principal event of the conference tonight was a reception of two fraternal delegates, the Rev. Herbert B. Workman, principal of Westminster Training College, London, who represented the British Wesleyan church and the Rev. Dr. James Endicott, of Toronto, delegate of the Methodist Church of Canada. The presentation of the Episcopal address was the feature of the conference session today. While all phases of the denomination's activities and problems were considered, interest of the delegates centered in the endorsement by the board of bishops of the proposal to re-unite all branches of Methodism, such as the Methodist Episcopal Church, South, which succeeded from the parent body seventy years ago; the Methodist Protestant Church and the African Methodist Churches.

"We declare ourselves," the bishops said in the address, "in favor of such a union upon terms that shall provide an ample and brotherly protection for minority."

After ballots had been taken without result in the contest for conference secretary, in succession to the Rev. Joseph E. Hungeley of Chicago, the Rev. Dr. Edwin Locke of Topeka, Kans., was elected by acclamation upon the suggestion of the other candidates.

The membership of the Methodist Episcopal denomination has increased between 200,000 and 400,000 every four years for more than half a century, according to the Episcopal address of the board of bishops, read at today's session of the Methodist general conference by Bishop John W. Hamilton of Boston.

The Episcopal address, which is the formal utterance of the bishops of the church, reviewed the work of the denomination since the general conference of 1912 and made recommendations concerning future labors. It emphasized the responsibility and opportunity resulting from the European war saying:

"The occasion requires the keenest discernment and most tolerant appreciation of the opinions and feelings in the several belligerent nations. This is especially true of Methodists who by their systems of church polity are related to every nation at war. In Petrograd, Rome, Frankfurt, France and Hungary the work of the church is being planned and carried on with a forward look."

ISSUES GENERAL ORDER TO HEADS OF ALL STATE INSTITUTIONS

SPRINGFIELD, Ill., May 2.—A general order was issued today by the state board of administration to the superintendents of all state institutions controlled by it to remove immediately all signs such as "Keep off the Grass," or "Keep out," "No Admittance" and those designating certain days as visiting days.

"These signs serve no purpose and are very irritating," said Fred J. Kern, of Belleville, president of the board of administration. "The institutions are for the people and if they want to walk on the grass there is no good reason why they shouldn't. Hereafter every day is to be visiting day in the state charitable institutions, so that is another sign to be abandoned."

"If institution rules are violated by visitors, attendants can tell them in a nice way. What we are trying to do is to suppress the atmosphere of gloom which generally manages to cloud the happiness of the inmates of charitable institutions."

RATIFY WAGE AGREEMENT.

Pittsburgh, Pa., May 2.—Thirty-two hundred motormen and conductors of the Pittsburgh Railways company this afternoon ratified a wage agreement recommended by their leaders after conferences last night with officers of the company and business men. Half an hour afterward the first car had left the barn nearest the labor temple, where the ratification meeting was held and tonight the service suspended last Sunday at midnight had become normal.

PARLIAMENT TO SETTLE RECRUITING

Bill Is Introduced Calling for Immediate, General Conscription

IRELAND NEARLY NORMAL

German Attack Against Belgians Is Only Infantry Engagement Reported on West Front

THREE STEAMERS ARE SUNK

LONDON, May 3.—Five hostile airships attacked the northeast coast of England and the southeast coast of Scotland last night.

The official announcement of the raid says the movements of the raiders appeared uncertain, adding: "A few bombs were dropped in Yorkshire, but there are no details yet regarding the casualties or damage."

The recruiting problem in England is to be dealt with by the British parliament in a bill to be introduced by the government calling for general and immediate compulsory enlistment.

Altho since the commencement of the war the naval and military enlistments have exceeded five million men, Premier Asquith told the house of commons that the existing machinery for recruiting was not sufficient to get more men to the colors and that it was the purpose of the government to ask for legislation which would compel the so-called "slackers" to answer their country's call.

Ireland Virtually Normal.
With the situation in Ireland virtually normal, the military authorities are now engaged in running down the few of the remaining Sinn Feiners who have failed to surrender.

All the main bodies of the rebels throughout Ireland have laid down their arms and given themselves up, according to the chief secretary for Ireland but until the situation has been brought entirely under control there will be no lessening of the activities of the military and martial law will be maintained.

A German attack against the Belgians to the north of Dixmude is the only infantry engagement reported at any point along the western front. Artillery bombardments especially severe to the northeast of Verdun, have been the sole method of warfare on the other sectors. North of Dixmude the Germans after a violent preparatory bombardment, charged and occupied portions of three Belgian advance posts, but the battalions in a counter-attack immediately drove out the invaders.

Put Down German Attempt.
A German attempt to assume the offensive against the Russians at Raggasen, near Riga was put down by the Teutons continue their heavy artillery fire against the Ikskul bridgehead and in the Lake Narocz and Lake Vischnevskoye regions.

German aircraft have bombarded several Russian positions in the Gulf of Riga and a Russian air squadron has delivered an attack against the German naval base at Windau, Courland.

Vienna reports that the heavy fighting between the Austrians and Italians in the Adamello sector of the Austro-Italian line is still going on and that Italian attacks against Austrian positions have been put down with heavy casualties. The Russians are continuing the pursuit of the Turks in Diarbekr of Asia Minor. Numbers of the Turkish infantry have been killed or captured by Cossacks. Constantinople reports the driving around in the Black Sea by a Turkish submarine of three Russian steamers and the sinking of three food-laden sailing vessels.

Three Steamers are Sunk.
Three steamers, one of them a neutral, have been sunk, but whether by mines or torpedoes has not been stated. Another neutral steamer has been damaged and is being towed into port. The neutral sunk was the Brazilian Rio Branco, and the damaged the Swedish Steamer Fridland. The Fridland and the British Steamer Hendonhall which was sunk, were bound from Portland, Me., for Rotterdam with supplies for the American commission for relief in Belgium.

BOMB RUSSIAN POSITIONS.
Berlin, May 2.—via London.—An official communication issued today tells of the bombing of several Russian positions in the gulf of Riga and on the Russian coast by German airships and aeroplanes and of a Russian aerial attack on German positions at Windau, Courland.

TELEGRAPHIC BRIEFS

SPRINGFIELD, Mass.—Dr. David Fisher Atwater, aged 89, oldest graduate of Yale university, is dead at his home in this city. He graduated from Yale college in 1839 and from Yale Medical school in 1842.

QUINCY, Ill.—At the first session of the new city council Chief of Police George Koch was given explicit instructions to close every wine room and cabaret in Quincy at once.

INDEPENDENCE, Kans.—A spider bite caused the death here of Mrs. Andrew Jackson, 78 years old, according to physicians. She was stung on the cheek.

JOLIET, Ill.—Three new automobiles reported stolen by Chicago police were recovered here by the Joliet police in the hands of prominent citizens.

JOLIET, Ill.—Another convict fled the honor farm. John King, sent to the penitentiary from Chicago for robbery, was missing when keepers called the roll. This is the second convict to escape from the Joliet recently.

CHICAGO.—Judge Richard S. Tuttle in the circuit court issued an order setting aside his recent decision in the Selig-Fabian suit that Bacon and not Shakespeare wrote the literary works generally attributed to the latter.

OTTUMWA, Iowa.—Ettie Robinson shot and instantly killed Susie Williams at Centerville as a result of jealousy over Logan McDaniels. All are colored people and the shooting occurred in a questionable part of the city. Miss Robinson is in jail.

NEW YORK.—The trial of Dr. Arthur Warren Waite for the murder of his father-in-law, John E. Peck, wealthy drug manufacturer of Grand Rapids, Mich., has been set by Supreme Court Justice Shearn to begin May 22. Waite has already confessed to the crime.

INDIANAPOLIS, Ind.—The Progressive state convention has been postponed from May 24 to June 22. Edwin M. Lee, state chairman, said the state committee decided that it would be advisable to hold the Indiana meeting after the national convention.

RELEASE YOUTH SUSPECTED OF KILLING 'LILLIAN KJELLSTROM

ROCKFORD, Ill., May 2.—Ross Wagner, suspected of having caused the death of Lillian Kjellstrom, his sweetheart, by poisoning, was freed today by Magistrate Norton. The magistrate decided that the evidence against Wagner was circumstantial and not sufficient to warrant holding him. The coroner's jury which investigated the girl's death recommended that Wagner be held to the grand jury without bail on a charge of murder. City Chemist Norris testified at the inquest that tests showed presence of poison in her stomach.

AGREE TENTATIVELY TO ARMY PLAN PROPOSED IN SENATE BILL

WASHINGTON, May 2.—Conferees of the senate and house on the army bill have agreed tentatively to the organization plan for the army as proposed in the senate bill, both as to general divisions and the various units of these divisions except the field artillery. The house units for the field artillery it is said will be accepted by the senate conferees. Champions of the senate bill believed tonight that acceptance of their methods of organization would lead to final approval of a regular army of 180,000 fighting men in time of peace, capable of expansion to 220,000 men in time of war or threatened war. All of today was devoted to discussion of organization but tomorrow the conferees expect to reach the federal volunteers, reserve and national guard features which are expected to precipitate prolonged debate.

DUNNE AGAIN ASKS WHETHER EXECUTION WILL BE DECENT

SPRINGFIELD, Ill., May 2.—Governor Dunne today sent another letter to Sheriff White of Jackson county asking if White is now ready to say that Elston Scott, the Murphysboro negro convicted of murder and sentenced to hang, will be given a decent execution.

The governor assured Sheriff White that unless his response is satisfactory Scott will again be reprieved.

Five reprieves have been granted, the present one to expire May 12th.

DISCOVER CATTLE DISEASE

Taylorville, Ill., May 2.—Five head of hogs infected with hoof and mouth disease, were discovered today on the Alva Houck farm, six miles west of here, by Dr. A. D. Bullock, chief of United States animal inspectors.

MAKE PROGRESS TOWARD AGREEMENT

Mexican Question May Be Threshed Out During Next Few Days

TAKE UNEXPECTED TURN

Mexicans, It Is Understood, Have Decided Not to Press Question of Withdrawal

SCOTT AND OBREGON CONFER

EL PASO, Texas, May 2.—Marked progress toward an agreement was made today by the American and Mexican conferees considering United States troops dispositions in Mexico according to unofficial, but authoritative advices. It is believed now the matter may be threshed out during the next day or so. This progress was due to the fact it was said that General Obregon had concluded there was no possibility of altering the intention of the Washington government not to withdraw General Pershing's expeditionary force immediately. The attitude of the Mexican minister of war is believed to have been described by a Mexican official who took part in the first conference in Juarez who said:

"Between two evils you must choose the lesser. It would be folly to suppose the de facto government desires war."

Decide Not to Press Question.
It was gathered from this fact that the Mexicans had decided not to press the question of withdrawal with the possibility that a break might follow.

The negotiations today took an entirely unexpected turn. In the morning it was announced that there probably would be a meeting of the conferees in the afternoon with Generals Funston and Scott, representing the United States in the first conference, and with Generals Obregon and Trevino representing Mexico. At noon, however, General Scott walked unattended from his private car to the Hotel Paso del Norte, leaving General Funston to lunch alone in the car. About the same time General Obregon crossed over from Juarez in his touring car and proceeded to the hotel.

Guests of A. J. McQuatters.
Arrived at the hotel, General Scott and General Obregon went to a room on the eighth floor reserved by A. J. McQuatters, president of the Alvarado Mining & Milling company, which has large interests at Parral, the scene of the recent outbreak of Mexicans against the American troops. It became known then that the two generals were to be guests at luncheon of Mr. McQuatters, a personal friend of both. At this meeting, which began at noon and lasted well into the night, General Scott is reported to have employed the tactics which he employed successfully in his negotiations with Villa at the Geromino incident and other affairs, and which won for him the reputation of being the official peacemaker of the Washington government. He is said to have indicated to General Obregon these things, that the United States is the best friend Mexico has; that President Wilson only wishes to see Mexico rid of Villa outlaws and as soon as this is accomplished, the American troops will be withdrawn; that it appears that the attitude of the United States government has not been properly understood, since, far from seeking intervention, that is the very thing it wishes to avoid. That finally the majority of the American people and even military, are in accord with President Wilson's desire to avoid intervention.

Must Take Every Precaution.
In addition to giving General Obregon this information, General Scott is reported to have assured him that the United States government had been informed that the Villa element still was very strong in Chihuahua and Durango and it felt that it must take every precaution against the repetition of such incidents as the Columbus raid.

Washington, he is asserted to have said, planned to pursue to the end the task it had begun by sending General Pershing into Mexico and naturally desired the co-operation of the Carranza government since that would hasten the day of withdrawal. The conference still continued at 11 o'clock tonight.

The conference between Alvaro Obregon and General Hugh Scott which began at noon today came to an end at exactly five minutes after midnight. After announcing that there was absolutely nothing new to report, General Scott went to his private car and General Obregon returned to Juarez.

Shortly before adjournment General Obregon came out of the conference.

W. H. TAFT ADDRESSES WORLD COURT CONGRESS

HONORARY PRESIDENT OUTLINES THE WORLD COURT

Explains That Aim of Proposed Tribunal Would Be to Settle Differences on Principles of Law and Equity as They Arise Between Nations.

New York, May 2.—The world court which the world congress, in session here, would create was outlined today in an address by William Howard Taft, honorary president of the congress. The aim of this proposed permanent world tribunal, Mr. Taft explained would be to settle differences such as are settled today by a domestic court on principles of law and equity and as they arise between nations.

Mr. Taft emphasized a distinction between arbitrations and the suggested world court.

"The general rule in arbitrations is that the decision is a compromise, it is not a clear cut judgment on questions of law and equity," the former president explained. "Parties are not given their rights or subjected to their obligations as fully and as completely as they ought to be and as they are in a domestic court of law."

"There is not any reason why with respect to questions of a legal nature the tribunal between nations should not pursue the rules of law and equity with the same degree of fidelity as do domestic courts."

"Where the issues are political, where they are not those that can be solved by law, there of course a negotiation and compromise are appropriate. When, however, a nation has a good claim, a good cause on the rules of law it is quite likely to decline arbitration because arbitration is likely to be a compromise and a cutting down of its just remedy."

"Arbitrations are generally made up of temporary arbitrators, the persons are selected for the particular case and this future lends support to the diplomatic method of reaching a compromise conclusion."

Illustrating his idea of distinction between arbitration and the proposed world tribunal, Mr. Taft pointed out that the question of American exclusion of undesirable immigrants might become a subject of arbitration but could never become one of settlement by a court as a matter of legal nature "because our legal rights justify the discrimination if we choose to make it."

Similarly, Mr. Taft said, political questions, such as the Monroe doctrine are not to be settled as a matter of legal right, for, in this case we cannot claim it is a principle of international arbitration which are asserting; we are merely asserting a policy which we deem necessary for our welfare.

Mr. Taft declared that had a world court been in existence in 1914 the issue of Serbia's responsibility for the killing of the Austrian crown prince and his wife "might have been settled by a hearing and decision" and the time taken in the submission of the controversy and the court's judgment "would have gone a long way to prevent the present war."

AMERICANS BLOCK ATTEMPT OF MEXICANS TO ENTER CHIHUAHUA

DOUGLAS, Ariz., May 2.—An attempt of a body of the de facto cavalry, the advance guard of General Arnulfo Gomez to enter Chihuahua, thru Pulpito Pass was blocked today by American troops according to a reliable report received here from American sources.

The Mexicans according to the report, were under command of Colonel Jesus Maria Arguierio and had penetrated 18 miles into the pass before their movement was discovered by a United States military aeroplane which reported the presence of the de facto troops to the American commander.

The American troops are said to have been drawn up in strategic formation to hold the pass and Colonel Arguierio did not attempt to press forward but went into camp and dispatched messengers to the west, presumably to communicate with General Gomez.

Colonel Arguierio's advance into Chihuahua is believed here to have been the forerunner of a general movement.

THREE DIE IN EXPLOSION.

Trenton, N. J., May 2.—Three persons were killed instantly and eight injured seriously by an explosion at the Yardville, Pennsylvania oilcloth works late today. There were 25 people in the building at the time of the blast which is believed to have been due from fumes of gasoline. The building was destroyed.

MULFORD BREAKS RECORD

New York, May 2.—Ralph Mulford broke all automobile records for from one to twenty-four hours today at Sheephead Bay speedway when he covered 1,819 and a fraction miles in twenty four hours. The best previous distance for a 24 hour run was made by S. F. Edge nearly nine years ago on the Brooklands track in England.

GERMANY HAS NOT REACHED DECISION

Von Jagow Makes An- nouncement to Budget Committee of Reichstag

NO NEWS IN WASHINGTON

Air of Grave Concern Is Begin- ning to Manifest Itself in Administration Circles

DR. HELFFERICH AT MEETING

BERLIN, May 2.—via London.—Herr Von Jagow, the foreign minister, at the re-opening of the sitting of the budget committee of the Reichstag today said the government had not yet reached a decision with regard to the situation which had arisen from the American note to Germany regarding Germany's submarine campaign. As soon as the imperial chancery returned from headquarters, Herr Von Jagow added, he would give the committee definite information.

The foreign minister said the government, in view of the importance of the American question would have been glad to make a statement today regarding the status of the problem, but that for the reason stated this was impossible.

Has No Definite Information

Washington, May 2.—Two weeks have passed since the United States despatched to Germany its note demanding that an abandonment of present methods of submarine warfare immediately be declared and affected and tonight the state department still was without definite information indicating that the demand would be complied with.

As the days go by and no reply comes from Berlin and Ambassador Gerard sends no word regarding the attitude of the German government, an air of grave concern is beginning to manifest itself in administration circles. Publicly officials continue to preserve an air of optimism. Privately no attempt is made to conceal a contrary feeling and this feeling is certain to become more pronounced unless some definite news is forthcoming over night.

Fear Reply Will Assume Argument

It is felt here that the very length of time which has been consumed by the German government in preparing a reply in itself indicates that the communication will not take the shape of a simple response to the direct and clear cut issue raised in the American note. It is feared that the reply is likely to assume an argument a live character which scarcely can be regarded as meeting the requirements of the United States.

Persons in close touch with affairs at the German embassy continue to express themselves as being positive that Germany will make concessions to the United States which will prevent the breaking of diplomatic relations. They say the Berlin government had been advised the United States meant just what it said in its note and was not prepared to enter into any negotiations on the subject of submarine warfare until present methods had been abandoned.

Dr. Helfferich at Conference

Berlin, May 2.—via London, May 2.—It has been learned that Dr. Karl Helfferich, the imperial treasurer is at headquarters participating in the conferences on the American note and the framing of an answer thereto. The Frankfurter Zeitung says Ambassador Gerard twice dined with Emperor William and that he also was able to see the German troops at an important point on the front.

JURY INVESTIGATES DEATHS; CENSURES WABASH RAILROAD

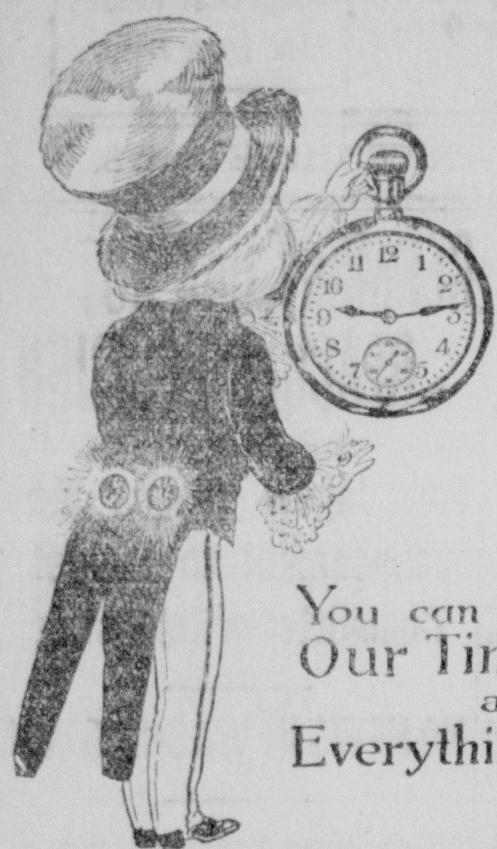

Bloomington, Ill., May 2.—The coroner's jury at Gibson City today investigated the deaths of Dr. E. H. Trezona, Mrs. Margaret McLean and Miss Gertrude Shaw, who were killed Sunday afternoon when a Wabash train hit the automobile in which they were riding, at Garber. The jury censured the Wabash railroad for maintaining such a dangerous crossing as that at which the accident occurred. The funerals of the three victims were held today.

The figures on war purchases in the U. S. by European powers have now reached such levels that, like the war cost totals, they do not mean much to the average reader. But take the figures for what they are worth. European purchases in the U. S. for the first twenty months of the war amounted to \$240,000,000.

Let us hope that at the Republican convention there will be more "pull together" leadership than has been in evidence recently in congress. Floor leader Mann in the house and Senator Lodge in the senate have not been working with harmony, and the spectacle has not been what the party needs.

Thus far there is no great apparent interest in the school election question, but no doubt considerable work and planning is already being done by those who desire board membership. Since there are no salaries attached to the positions, the people have a right to expect that those who seek election to the board are actuated by no other purpose than the patriotic one of desiring to have the schools of Jacksonville progress, and to do those things best calculated to bring about a period of harmonious forward activity in the school system.

The Rev. B. Fay Mills.

Jacksonville is one of the many places which must take notice of the passing of Dr. Mills, told in Tuesday's dispatches.

Mr. Mills was here, just about this time of year, in 1899, and conducted meetings in the State Street church. They were largely attended and many were brought to the Truth at that time. It is written "they that turn many to righteousness shall shine as the stars, forever and ever." So the glory of a good man's work is presaged.

Colonel Roosevelt's spirit is growing mellow as the date of the Republican convention approaches. Not long since a statement that he would support former Senator Root if the latter happened to be nominated brought forth a vigorous denial, but just the other day the colonel intimated that conditions are such now that he is almost certain to lend his support to any Republican of standing who happens to be nominated.

An Excuse for High Prices.

While war conditions have made many commodities scarce and resulted in higher costs and higher prices, in a great many other instances the war is merely an excuse. This is true with nearly all luxuries and with some necessities. And yet it must be admitted that business

OBLIVIOUS TRUTH.

I know that when there comes disaster that sticks like an adhesive plaster, a man gets no relief, by giving free rein to his dander, and showing innocent bystander how loudly he can sneeze. I know that sympathy will dwindle, if all the fires of wrath you kindle, when you have stubbed your toe; far better for your fame it will be, if you will simply nurse your tribulation, and say it looks like snow.

All men admire and love the Spartan who struggles to conceal his smart, his sickness and his pain; so if your head hurts, don't sit crying, but spend a minute prophesying that we shall have some rain. I know disaster sticks the tighter to any weak and weeping blighter who will not turn and scrap; but it will find its job revolting, and soon quit badgering and jolting the brisk, aggressive chap. Ill fortune is a tinhorn bluffer; it dogs your heels and makes you suffer, while you for this will stand; but when all fearlessly you eye it, and pull its whiskers and defy it, it skips to beat the band.

May 2, 1877—Father Allouez and his companions celebrated the feast of the Holy Cross in the Kaskaskia village of the Illinois, planting a cross thirty-five feet high as a sign of taking possession of all the Indian tribes in the name of Jesus Christ.

men in this zeal for profit are following only natural instincts. Ninety-nine men out of a hundred whether in "big business" or conducting a clerkless store, make their selling prices all the traffic will carry. The laboring man demands every dollar he can secure for his toil, and when it comes to trusts and monopolies, we all do just as much in that line as we are able. So it is not surprising that the war has been accepted as a legitimate excuse for price increases.

Selig Won.

Judge Tithill's sensational decision in the Chicago court when he declared in a lengthy opinion that Bacon and not Shakespeare was the author of the works attributed to the "Bard of Avon," caused no heart anguish for either of those two great literary lights. But incidentally Colonel Selig, movie picture magnate, secured a mighty lot of front page advertising. Judge Tithill's associates, who demanded that the finding be withdrawn, evidently had quite a clear idea of the view of the decision which would be taken by the general public. Judge Tithill's action was considered by the people at large in some measure ludicrous and in greater measure presumptuous.

Those Big Oil Profits.

The Standard Oil company statement just published shows an increase of eight million and more in profits for the first three months of this year by comparison with the same period in 1915. The surprising thing is that the government thinks it necessary to make any extended investigation about the high prices of gasoline. Gasoline prices would take a tumble if Louis Enright's declaration that he has discovered a fluid which will take the place of gasoline as motive power proves true. All the public knows is that Enright has a green powder which he says mixed with water furnishes a good gasoline substitute.

Henry Ford is investigating the project and if there is anything substantial to Mr. Enright's claim, the public will not be long in getting the benefits. Mr. Ford does not loom large as a presidential candidate but he is a great business man and his approval would at once give the public confidence in the talked of fluid.

Bond Issue a Business Proposition

Just thirteen days now remain until the city will vote on the question of issuing \$100,000 in bonds for light and water improvement. The proposal to issue these bonds should receive the support of all citizens who are sincerely interested in the welfare and upbuilding of Jacksonville. The entire wiring of the city light department needs renewing as a matter of safety and additional equipment is needed for the light plant. The proposed development work at the north side pumping station is justified by the showing made at the wells in the past three years. The change from steam to electric power at the south side plant will immediately effect a saving of from \$2,000 to \$3,000 a year in wages and fuel.

The city is far from being bonded to the legal limit, and \$100,000 in bonds could be issued and still leave a safe margin for emergencies. The ordinance has been so framed that the bonds if authorized will be paid off within twenty years, and the whole proposition can be so handled that great advantages will accrue to the city without burdening the taxpayers.

The Daniels Liquor Order

No member of President Wilson's cabinet has been subjected to more continued attack and criticism than Secretary of the Navy Josephus Daniels. The condition of the department has no doubt justified some of the criticism, but events have proven the wisdom of the secretary's order which banished liquor from the navy. When the order was promulgated a storm of protest went up and it was freely declared that the navy had become the laughing stock of the world. Since then there have been great changes in thought on this subject, especially since the action taken by Mr. Daniels has been followed by both France and Russia.

Then it was no one else but the emperor of Germany who in a recent address to naval cadets said "Take heed and provide that indulgence in alcohol be not counted as belonging to your privileges." And now comes the further justification for Daniels in the knowledge that a bill has been introduced in the Russian duma to put into effect the government promise that the prohibition of alcoholic drinks shall continue in force after the war. The sale only of light wines and beer, in which the government specifies the amount of alcohol, will be permitted.

American people generally, no matter what their personal view on the liquor question, believe that the absence of liquor from the army and navy is conducive to preparedness, just as such absence gives efficiency to engineers and firemen on duty.

Personality Important in Selecting Teachers

The consideration of personality in the selection of a high school teacher is just as desirable and just as necessary as the consideration of a high grade of scholarship, according to a bulletin on "The Selection and Employment of High School Teachers" issued by H. A. Hollister, state high school visitor.

"It is quite desirable that the teacher possess those personal qualities which are essential in those who are to undertake the control and direction of the activities of high school girls and boys," says the bulletin. "Teachers should therefore be selected for the quality and strength of character which they are found to possess."

of scholarship. Here the thought processes are to be developed and the pupils taught to find out the truth for themselves in the study of books and of nature. Above all, ideals of good scholarship are to be inculcated, a process for which no mere smattering of the subjects to be taught can possibly qualify the teacher.

"Thus scholarship and personality become the prime considerations. Of course there is an advantage in favor of the teacher who has, along with these qualities, a reasonable amount of experience; but experience alone can not make up for either one of the fundamental qualities named above. It frequently happens that boards pay a good price for experience when if the character of that experience were known it would be found to disqualify rather than to recommend the employment of the candidate."

"One of the requirements which should be understood by the candidate seeking employment is the capacity and willingness of the teacher to do "team work"—to co-operate with principal and teachers in those little extraordinary services which the individual in any community should contribute to the common good."

The bulletin also discusses methods of selection and nomination of high school teachers, the problem of salaries, and the general character of high school work as affecting the selection of teachers. This question of judging teachers' qualifications emphasize the need for securing the right kind of board members. The questions they must meet are many and complex.

FROM THE EDUCATOR'S NOTEBOOK.

New York—Educators here are speculating as to the success of a unique experiment to be tried by Louis A. Hoffman, a bachelor of New Orleans and New York, who is to spend \$6,000 to test the value of woman's education. He proposes to send two girls to college, and to learn from observation of the girls while in college and their results after leaving college whether education of women pays. While his genius offer may prove a boon to two bright young American girls, the test would prove nothing of a general nature, say prominent educators. The girls might prove brilliant or dullards, might be actuated to study harder or to neglect study by the attitude of their benefactor, and whatever they accomplish would not be a fair test for the sex, in view of the large field of woman's education now in operation in America.

Chicago—Much favorable comment is heard on the decision of the Religious Education association that religious education should be done in the home, the church or the private school and not by the public school not in official connection with the public school. The association held a meeting here a few months ago, at which that principle was strongly endorsed. Bishop Francis J. McConnell of the Methodist Episcopal church was elected president of the association, and Dr. Henry S. Pritchett, president of the Carnegie Foundation of New York, was chosen vice-president. The next convention will be held in Boston.

Olivet, Mich.—Dr. Thomas Franklin Kane, formerly president of the University of Washington, has been chosen president of Olivet College. He was principal of the preparatory department here before going to Seattle in 1909. Dr. Kane is an eminent Latin scholar, and is identified with the educational organizations.

Pittsburg, Pa.—Tree planting on a large scale is being undertaken by the dozen young men of the senior class in the State Forestry Academy, and they have been detailed to help in reforesting the Black Forest, in Potter county. Over a half million trees are being set out in one plantation. Sixty thousand of the trees are being transplanted by the students from the nursery of the academy. The boys live in tents, and are getting all the necessary experience to make them experts in forestry.

Byrn Mawr, Pa.—The faculty troubles at Byrn Mawr College have come into the public prints of late, and there is said to be under way a general shake-up at the institution. The discontent of members of the faculty toward Miss M. Carey Thomas, the president of the college, has culminated in the resignation of six of the instructors. It is claimed by some of the senior members of the faculty that Miss Thomas treats her faculty members as "laborers," and they assert she is capricious and arbitrary. Miss Thomas has met the issue by offering to cooperate to remove the causes of the complaint.

Meridian, Miss.—To prove to every farmer in the South that he can raise whatever he needs on his own acres, Meridian College has been developed to feed itself. President J. W. Benson of the college is a trained scientific farmer. Thirteen years ago, when the college buildings were burned, he secured a location outside the city limits. There is in operation there now a thoroughly equipped farm. His students come from thirty states and five foreign countries. The body, the hand and the heart are trained, as well as the head. Rich and poor families are sending their boys to Meridian College, which is trying to demonstrate that there is more future for the young man of the right calibre on the farm than anywhere else.

SOCIAL EVENTS

Miss Fox Entertains
Grace Church Society.
The Woman's Foreign Missionary society of Grace M. E. church met in regular monthly session Tuesday afternoon at the home of Miss Laura Fox, 811 West College avenue. There was good attendance in spite of the threatening weather and the members gave attention to an address on African missions by Miss Emma D. Nourse, a Rhodesian missionary. Light refreshments were served.

Congregational Missionary Society.
The American Red Cross society in mission lands was the theme of an interesting paper by Mrs. Truman P. Carter at a meeting of the Woman's Foreign Missionary society of the Congregational church, held Tuesday afternoon in the church parlors. Mrs. L. S. Doane was hostess. There was a brief business session and the ingathering of mite boxes. Excellent refreshments were served during the intermission between the business session and the program.

Mrs. Arnold Hostess
To Woman's Country Club
Mrs. J. W. Arnold, east of the city, entertained the Woman's Country club Tuesday afternoon at a well attended meeting of which the leader was Mrs. Carrie Rice. New methods in education was the general subject and Mrs. Rice treated her subject in able manner. Mrs. William T. Scott referred to new methods of education as developed in the schools of Gary, Ind. A luncheon was served. There were present several visitors from Jacksonville, including Mrs. Ben Lorton, Mrs. Herman Weber, Mrs. Allen Baldwin, Mrs. C. M. Coons, Mrs. J. W. Sperry and Miss Frances Hulett.

Mrs. Woods Entertains
Homemakers' Circle
A profitable program was carried out Tuesday afternoon at the regular meeting of the Homemakers' circle, entertained by Mrs. Newton E. Woods of Franklin. Mrs. C. J. Whitlock read "An Easter Story", and this was followed by the presentation of "Henry Ford and his Achievements," by Miss Mary Wright.

The circle selected as delegates to the twelfth district federation meeting this week in Virginia Miss Ruoda Scott, president, and Miss Maude Van Winkle, recording secretary of the circle.

Miss Alta McPhail
Will Wed Tomorrow.
Mr and Mrs. E. E. McPhail, north of the city, have announced the marriage of their daughter, Miss Alta May McPhail, to Lloyd Russell Hankins of Dawson. The marriage will take place Thursday at 12 o'clock, the Rev. Myron L. Pontius, pastor of Central Christian church, performing the ceremony at the home of the bride in the presence only of immediate relatives and friends.
The groom is the son of Mr. and Mrs. John W. Hankins and was reared in Dawson. He is a graduate of Valparaiso university and is reckoned among the enterprising young farmers of the Dawson community. After a short wedding trip the young people will make their home in a rural residence property recently furnished by the groom just outside the city limits of Dawson. They will be at home to their friends after May 10.

Engagement Announced
at Evening Party.

Friends of Miss Emilie Nobis were entertained last night at the home of Mr. and Mrs. W. W. Gillham of 930 West State street when announcement was made of the engagement of Miss Nobis to Mr. Herman Haak of Chicago. The wedding will occur in the near future. Progressive cards were played and music for the evening was furnished with a victrola. The home was tastefully decorated for the occasion, the parlor in green and white, with pink and white prevailing in the dining room. Elaborate refreshments were served at 10:30. The engagement announcement came as quite a surprise but congratulations were none the less hearty. Miss Nobis is a member of a well known family in the Arenzville neighborhood and Mr. Haak holds a responsible position with a Chicago firm.

Mrs. Peter Sehy
Has 80th Birthday.

Mr. and Mrs. Peter Sehy of Ashland entertained a company of forty relatives Sunday in honor of the 80th birthday of Mrs. Sehy. Dinner was served at noon and the afternoon hours were spent most pleasantly. Among the gifts was a handsome Colonial rocker. Frank Sehy and family of Jacksonville were among the guests.

Association Officers
Entertained at Dinner.

Officers of the Illinois Music Teachers' association were entertained at 6 o'clock dinner Tuesday evening by Director and Mrs. Henry V. Stearns at their home on West College avenue. There were present: John B. Miller of Chicago, president; Mrs. Willis C. Paisley, vice president; Herbert O. Merry of Lincoln, secretary-treasurer, and Mrs. Merry; Franklin L. Stead of Peoria, chairman of the program committee.

Rev. and Mrs. W. S. Phillips arrived in the city yesterday to enjoy the musical convention in which their talented son, William P., is to have a prominent part. This afternoon Mr. Phillips is to go over to Baylis to conduct the funeral of a former friend and parishioner, Miss Ida Haines, and expects to return in the evening.

MORTUARY

Swigert.

Word has been sent to C. Riggs Taylor of this city that his oldest sister, Mrs. John Swigert died at 1:30 Tuesday afternoon at the family home in Edinburg.

As the deceased was a native of this county and all her associations and affections were centered here the remains will be brought here for burial in Asbury cemetery and due announcement of the funeral services will be made as soon as ascertained. It is the hope that the body will arrive in time for services at Mr. Taylor's home, but if not then it will be taken direct to Asbury cemetery.

Mrs. Swigert, whose maiden name was Maximilia Taylor, was the oldest of the ten children of George and Polly Tucker Taylor. They were married in Kentucky in 1827 and six years later moved to this state and county. Their children were Maximilia, Edward A. of Jacksonville; Benjamin H., deceased; William P. of Sangamon county; C. Riggs of Jacksonville; Phoebe J., widow of George Scott of Norfolk, Va.; Sarah F. Tollings of Broadlands; George Z., deceased; John H. of Mattoon and Shelby D. of Champaign, Ill.

Mrs. Swigert is survived by a number of children and grandchildren.

McCann.

The infant child of Mr. and Mrs. Luther McCann died at the family home in Joy Prairie Monday. Interment was made in Zion cemetery Tuesday morning.

Black.

Miss Reibel Black died at a local hospital Tuesday morning at 2 o'clock. Deceased was born July 3, 1835 and had lived most of her life in this city. She was a constant member of the Second Christian church. She is survived by her father and one sister, Mrs. Bertha Lyons and one brother, Delroy Black all of this city. Funeral services will be held from Second Christian church Thursday afternoon at 2:30 o'clock.

SLT NO DEFINITE DATE FOR
REPLY TO AMERICAN DEMAND

LONDON, May 2.—No definite date can be set for the reply of British government to the third demand which Washington has made for the release of thirty eight Austrians, Germans and Turks seized on the American Steamer China near Shanghai as the note must be submitted to the admiralty and war office before a final decision is reached.

The latest American memorandum on the subject according to the foreign office is receiving sympathetic consideration.

Lord Robert Cecil, parliamentary undersecretary for foreign affairs, discussing the memorandum recently declared:

"If Great Britain is wrong in the China affair, we are ready to make the necessary amends."

AGREE TURBANTA WAS
TORPEDOED

London, May 2.—"The evidence presented by the Dutch shipping council and the pieces of metal found in the ship's boat have convinced the Berlin government that a German torpedo sank the Dutch steamer Turbanta," says a despatch from Amsterdam quoting the Handelsblad. "Negotiations regarding the compensation for the sinking of the vessel are proceeding," the despatch adds. "Meantime Albert Ballen, director general of the Hamburg-American Steamship company has offered to transfer to the Dutch company a large Hamburg-American ship to take the place of the Turbanta."

CONSERVATION CONGRESS
MEETS.

Washington, May 2.—The National conservation congress met here today with a threatened fight on its hands similar to the one which almost split the organization at its last meeting three years ago and which ended in victory for Gifford Pinchot and others who opposed removing from public ownership any of the country's undeveloped water-power sites.

Majority and minority water-power committee reports promise to precipitate the clash tomorrow.

GOMPERS MAY SUPERVISE
STRIKES.

New York, May 2.—Developments which further complicated the labor situation in New York, Brooklyn, Jersey City and other nearby points have assumed a more acute stage and it was announced tonight that Samuel Gompers, president of the American Federation of Labor probably would come here personally to supervise the action of the many thousands of workers on strike. Interest today centered in the walk-out of employes in the cloak, suit and skirt industry and the strike of the tag-boat and lighter engineers and firemen, altho' dissension between employes and employers in other industries was reported to have spread.

HORSE FALLS ON THREE
BOYS; ONE KILLED.

Fort Smith, Ark., May 2.—Ira Thorne, six, was instantly killed, and his brothers, Leo, 10 and Zen, eight were severely injured today when a cart in which they were riding ran off a culvert and the horse fell on them. The horse was blind and the boys were playing in the cart without noticing where the animal was going.

WOMAN IS KILLED BY BEING
STRUCK BY TRACTION CAR

SPRINGFIELD, Ill., May 2.—Mrs. Sarah M. Fouts, aged 53 years, was instantly killed and her son Cleveland Fouts, aged 27 years, painfully injured tonight when they were struck by a southbound Illinois Traction car at Leffton. The man was brought to this city and taken to a hospital. He is not in a serious condition.

The two attempted to flag the car in the rain at a road crossing with matches. The electric searchlight is thought to have blinded them.

INTERNATIONAL HARVESTER CO.,
STRIKERS AGREE ON DEMANDS

CHICAGO, May 2.—For the first time since the strike at the two local plants of the International Harvester company began the strikers tonight agreed on demands. They include recognition of the union nine hours for day work and ten for night; a twenty five percent increase in wages of time workers and twenty five to thirty percent for pieceworkers. The minimum for unskilled labor is fixed at 27 cents, as against 24 1/2 cents conceded by the company yesterday.

The McCormick plant was closed down indefinitely today as additional workers joined the strikers.

Members of the state board of arbitration who conferred with company officials today will interview strike leaders tomorrow.

CASE WILL PROBABLY
GO TO JURY TODAY.

Chicago, May 2.—The case of former Senator William Lorimer, charged with embezzlement and conspiracy in connection with the failure of the L-salle Trust & Savings Bank, probably will be given to the jury tomorrow. Albert Fink, attorney for the defendant, closed his plea today and Hayden Bell began the closing argument for the state. He said his remarks would require but one day and an hour will suffice for the court's instructions.

A REMARKABLE
OCCASION IN MASONRY.

minEnt Commander T. P. Carter of Hospitalier Commandery, Knights Templar, of this city, has received an invitation from the Commandery at Petersburg to himself and members of the order to be present June 2 to participate in conferring degrees on William T. Ainsworth of Mason City and five of his sons. It is expected that some of the grand officers will be present and delegations from a large number of neighboring commanderies.

WOMAN IS FOUND DEAD.

Chicago, May 2.—Mrs. Frank Jacobs, wife of the chairman of the executive committee of the American Film Producing Company, was found dead in the kitchen of her home yesterday afternoon by her husband when he returned home. Investigation by the police showed that the oven of the gas stove was open and one of the oven jets was turned on. It is believed that death was accidental.

GRANTS PERMISSION
TO TRANSFER.

Springfield, Ill., May 2.—The secretary of state today granted permission to transfer the rights of the Federal League Baseball club of Chicago to the Chicago National League ball club. At the same time the capital stock of the corporation was increased from \$500,000 to \$1,000,000.

OLD FOLKS DAY CELEBRATED
AT CONCORD CHRISTIAN CHURCH

Many Visitors From Neighboring Towns—Songs of Other Days Sung—Whole Service Very Appropriate

Concord, Ill., May 2.—"Old Folks Day" was celebrated in a fitting manner at the Christian church on Sunday morning at eleven o'clock.

Present from other places there were Mr. and Mrs. R. G. Thompson of Jacksonville, Mr. and Mrs. Jacob Hoover of Chapin; Mr. and Mrs. Roy Abernathy of Chapin; Mr. and Mrs. Lewis Meyers and Miss Newby of Joy Prairie. The oldest man present was Comrade E. P. Taylor, a veteran of the Civil war. The oldest woman present was Mrs. Rebecca Hatfield. The oldest living member in length membership is Comrade Milton Ham. He is the only charter member living. The older people present were grouped together on the east side of the church and sang the old songs they used to sing when D. R. Lucas was pastor. The opening songs were, "The Shining Shore," "Am I a Soldier," and "We are but Straying Pilgrims." The pastor, L. M. Mullikin, then offered prayer. Song, "When We Hear the Music Ringing." Reading of Scripture lesson from First John, second chapter, 13th to 26th verses. Song, "Since I Can Read My Title Clear." Sermon by the pastor. The text was taken from Proverbs 16: 31: "The hoary head is a crown of glory, if it be found in the way of righteousness."

"There is beauty in the sunset. The shining day is past. All is quiet, children leave their play and come in to prayer and rest. Beauty in the sunset of life is found in ways of righteousness. But if not found in righteous ways, life's sunset comes as a heartless robber. No new profession to enter. No new plans to be formed. No new book to write, no field to tend, no houses to build, no place in the social round."

Time has robbed them of acquaintances, both friend and foe. All paths—ambition, wealth, fame and learning, are closed but the one leading to the tomb. But to the one who may look beyond the tomb, there is glory. The picture changes. He has passed the danger of the most hazardous and trying temptations, not because they are not alluring, but because he has placed a greater value on righteousness. He has his most potent agency, that of prayer. He can testify for Christ as never before. All that we have in the way of conviction is not only in temporal but in Spiritual affairs we younger people owe to the men and women of the hoary head." At the conclusion of the sermon which was delivered with force and energy and yet with many tender passages which brought tears to the eye, the invitation song, "Sinners Will You Go" was sung in a sweet and affecting manner. The Lord's Supper was then celebrated, with the Pastor L. M. Mullikin and one older presiding. The morning offering was then taken up "old style" by singing a hymn and the donors bringing their gift to the communion table. The service closed with "Sweet Bye and Bye," and the benediction. The service was well attended by members of the local church and also a goodly number from the M. E. church, where no morning service except Sunday School was held. The occasion was one to be remembered and ought to be repeated next year upon the 50th anniversary of the starting of the local church at Concord.

MUSIC TEACHERS OPEN
28TH. CONVENTION

STRONG PROGRAMS CHARACTERIZE FIRST DAY OF MEETING

Scienti, Chicago Pianist, Mrs. Helen Brown Read and Prof. Thompson, Organist from Knox College, on Today's Programs—Mayor Rodgers Welcomes Delegates to City.

The twenty-eighth convention of the Illinois Music Teachers' association is well under way. More than a hundred delegates are in the city and the program of the opening session which was held Tuesday afternoon at Central Christian church, gave earnest of the remarkably high class talent that the delegates and the people of Jacksonville will have opportunity of hearing this week. At the afternoon session the address of welcome was delivered by Mayor Rodgers, with response by John B. Miller of the association. Then followed a program in which Mrs. Ethel G. Benedict soprano; Miss Amy Emerson Neill, violinist; Mr. Arvid Samuelson, pianist and Mr. John Doane, accompanist, appeared. The auditorium of the church was completely filled for the night concert program which was given by Rudolph Reuter, pianist; Sol Cohen, violinist; Richard Wagner, cellist, and John Doane, accompanist.

In his address of welcome at the afternoon session, Mayor Rodgers commented upon the appropriateness of having a music teachers' convention in this city of art and education. He told how in 1829 young men came from the east and founded a college here on the hill. Shortly afterward thru like endeavors a seminary was established at Waverly, but it subsequently gave place to larger educational institution in other cities. The mayor said that the spirit which led to the founding of the first college here had continued in Jacksonville, as evidenced by the other educational institutions here. It was this atmosphere too, that was in part responsible for the establishment of the state institutions in Jacksonville. The mayor expressed the hope that every delegate to the convention would find that a hearty welcome had been extended by the city.

The President's Response.

Mr. Miller, president of the association, made a brief response, referring to the work of the association and the hopes for future usefulness. He assured the people of Jacksonville that the delegates fully appreciated the courtesy of the invitation extended to them, and he expressed the belief that the convention would be recorded as one of the most successful the association has held.

This forenoon, the program will be educational in nature and will appeal primarily to the teacher in piano and voice. The session will begin at 9:30 o'clock at Central Christian church, Harry R. Detweiler of Aurora, director of the Columbia School of Music, will discuss "Teaching Material for the Intermediate Grades of Piano," giving illustrations on the piano thruout the lecture. Mrs. Genevieve Clark Wilson of Illinois Conservatory of Music will present with illustrations, "Teaching Material for the Intermediate Grades of Piano."

The presentation of papers will be followed by ensemble, Trio, D minor, Opus 7, a composition of Henry V. Stearns, director of Illinois College of Music of the Woman's college. This number, which in 1911 won a prize offered by the National Federation of Musicians for the work of American composers, will be rendered by Mr. Stearns, Richard Wagner of Chicago and Sol Cohen of Peoria, who is to appear in place of Mrs. Rosalind M. Day, detained in St. Louis by illness.

At 12 o'clock there will be a short business meeting at which John B. Miller, association president, will preside.

The Concerts Today.

The afternoon concert will be given in recital hall of Illinois Woman's college at 2:30 o'clock. John Winter Thompson of Galesburg, the organist, is head of the department of Organ at Knox college, Galesburg and is known as a musician of training and originality. John Doane of Evanston, organist is already well known to delegates attending for his brilliant work as convention accompanist. Mr. Doane is head of the Northwestern university College of Music and is among the most talented organists of the middle west.

No introduction is needed by Jacksonville people to the soloist at the concert this evening. Mrs. Helen Brown Read is always heard with pleasure and delegates from a distance who have not heard Mrs. Read have a genuine treat in store. Silvio Scienti of Chicago, the pianist, is from the American Conservatory of Music and is a musician of wide reputation. The evening concert will be given at Central Christian church. Immediately thereafter, members of the association will adjourn to Illinois Woman's college where a reception will be tendered them. On the reception committee are Mrs. Helen Brown Read, Mr. and Mrs. F. J. Waddell, Mrs. Genevieve Clark Wilson, Rev. F. F. Formaz, C. P. Gillett, Miss Alma Gillett, Mr. and Mrs. Charles E. Collins, Mr. and Mrs. H. C. Montgomery, Mr. and Mrs. E. E. Crabtree, Miss Grace Dummer, Mrs. George Matthews, Dr. and Mrs. T. J. Pittner and Dr. and Mrs. J. R. Harker.

Audiences Were Good.
At each session Tuesday the audiences were good, filling the main auditorium to capacity and making it evident that with arrival of the

remaining delegates, room will have to be increased by use of the Sunday school room as well.

Rudolph Reuter of Chicago, the pianist Tuesday evening, is easily among the strongest musicians on the convention program. He played with a speed and finish which seemed incredible. With marvelous technic he essayed and mastered the most difficult works. Especially fine was the Brahms quartet, Mr. Reuter, Sol Cohen and Richard Wagner. The opus in B, major, was played with excellent expression. It is one of the greatest works in chamber music. The work shows a good musicianship and authority thruout as well as strong dynamic contrast and good ensemble.

At the afternoon concert, especially attractive was the work of Miss Amy Emerson Neill of Chicago, recent winner of the Dawes prize for American violinists. Arvid Samuelson is head of the musical department at Augustana college, Rock Island, and is a musician of note. Mrs. Ethel Gelstweit Benedict of Chicago has won laurels as a dramatic soprano and her appearance Tuesday was pleasing in the highest degree.

OLD C. & A. EMPLOYEE DIES.

Fred Campbell, a former resident of Roodhouse and one of the oldest employes of the Chicago & Alton, is dead at the home of his daughter, Mrs. M. E. White of Heyworth, Ill., according to word received by Mr. and Mrs. B. M. Truesdale of Roodhouse. As a young man he was an engineer on the Erie railroad in Pennsylvania and coming to Roodhouse was successively a brakeman and conductor on the Alton. An accident which resulted in the loss of a foot was followed by failing health and for several years Mr. Campbell has not been engaged in active work.

CHICKENS DO WELL.

Mrs. W. S. Douglas of Spates street is an enthusiastic about chickens and finds the care of poultry both interesting and profitable. A few weeks ago Mrs. Douglas set five hens on seventy-five eggs and altho the weather was unfavorable and the hens were young and hard to keep down to "business," there are now sixty-seven chicks in Mrs. Douglas' yard. She specializes with White Rocks and thinks that this variety is about the best for all purposes.

MRS. G. M. BARRETTE ILL.

Mrs. G. E. Doying, Miss Lydia M. Barrette and George Barrette left Tuesday afternoon for Bloomfield, Iowa, summoned by the serious illness of their mother, Mrs. G. M. Barrette. Since the death of her husband in Davenport, Iowa in February Mrs. Barrette has made her home with her children and was visiting in Bloomfield when the attack of illness came.

Mrs. Al Dunn of Murphysboro, Ill., is here to attend the state music teachers' convention. She is the wife of a former conductor on the C. & A. and is known to a number in this city.

Free inspection of any battery at any time

Willard Reaches the Million Mark

On Saturday, April 8th, the total production of automobile lighting and starting batteries by the Willard Storage Battery Company of Cleveland reached the total of one million. The production in the immense factor of this company has grown by leaps and bounds during the past year since completion of the new plant.

The long experience of the Willard Company in manufacturing storage batteries is largely responsible for so many car builders making Willard their choice. That their judgment is good has been strongly evidenced by the year in and year out satisfaction reported by car owners.

This means satisfaction not only in the battery itself, but in the service which is afforded by over 725 Willard Service Stations.

To increase this owner satisfaction, the Willard Company originated a unique plan of giving free inspection, once every month to any car owner, regardless of the battery he used. This plan has worked out very successfully and has been followed by a great many other storage battery manufacturers.

Gums shrinking? Danger ahead!

Go now to a mirror and examine your mouth? Do your gums look "rinsed out," shrunken? Do you see a jagged appearance in the gum-line?

If so, see your dentist. He will tell you that you have pyorrhea, and that to save your teeth you will have to fight this dread disease at once.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address The Senreco Remedies Company 503 Union Central Building, Cincinnati, Ohio.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

TRAVELER'S AID WORK IS EXPLAINED.

Miss Flora Jeanette Scott Writes Pamphlet Giving an Outline of What is Attempted by Reorganization.

Miss Flora Jeanette Scott, a daughter of E. C. Scott of South Main street, is very much interested in travelers' aid work in which she is engaged. A pamphlet issued by Miss Scott gives a number of reasons for the work and quotes newspapers to show what is being accomplished. Several paragraphs from the pamphlet are quoted herewith:

"And, if there is a kindness I can show to my fellow-being, let me do it now, for he may not pass this way again." We have in Travelers' Aid work an opportunity to help one, we improve it; and as a result of this kindness he resumes his journey with a grateful heart and we resume our work with the joy of having helped to make another life a little brighter and better. It is the duty and privilege of the Travelers' Aid to comfort the sorrowing and distressed, to assist the weary mother with the care of her children, to minister to the sick, to feed

the hungry, to tenderly care for the aged and infirm, and first, last and always be ready to aid, protect, advise or counsel the young girls traveling alone.

"The appalling statement has been made that in one year 1,700 girls were lost between New York and Chicago. If just one of that number had been saved by a Travelers' Aid, would it have been worth while? Suppose that one were your daughter; suppose she were your sister, would it have been worth while?

"A young woman from Chicago came into the city one night looking for work. A stranger in the city, she knew not where to look for lodging. It was the Travelers' Aid who found a Y. W. C. A. room for her, where she stayed for several weeks. Ask two young women, students in our business college, who met them at the train and took them to a Y. W. C. A. room when they came to the city as strangers not knowing where they would spend the first night.

"A little fair-haired girl sitting all alone in the station was found by the Travelers' Aid. In talking with her it was learned that she had missed her train and could not get another until almost midnight at which hour she would be afraid to walk home alone after reaching her home town. She had a pass over the railroad and just five cents in money. It would be possible for her to go home on the interurban but she did not have the money necessary to buy her ticket. She was worried; she knew that her mother would be in great distress when she did not arrive home as expected. She didn't know what to do. Thanks to the Y. W. C. A. emergency fund which came to her thru the Travelers' Aid, the money was loaned, a ticket bought and the girl sent home long before midnight, and the mother's anxiety relieved. Thru a strange coincidence the money was refunded the same evening.

Alex Rabjohns has returned from a visit in Hot Springs, Ark. Mr. and Mrs. Rabjohns went to Hot Springs several weeks ago for the benefit of their health and Mrs. Rabjohns will remain for some time. Both are greatly improved.

FRANKLIN OUTING CLUB HAS ELECTED OFFICERS

Organization Now Has Seventy-five Members—Grounds Among Finest in the State.

The Franklin Outing club which was organized in 1907 with twenty-five members now has a membership roll of seventy-five, fifty of them resident and twenty-five non-resident. The club has been a prosperous organization from the beginning, partially because of the maintained interest of the membership, and this interest was quite apparent in the election held Monday night. There were contests for each office, all in good feeling, and practically all the membership of the organization was represented in the voting. The choice of the members was for the following:

President, J. G. Dowell, Franklin; vice president, Herbert Rohrer, Waverly; secretary, Charles E. Cusins, Franklin; treasurer, F. T. Miller, Franklin. Trustees, Frank Beatty, Waverly; F. H. Patterson, Franklin; Dr. J. B. Perkins, Franklin; Lawrence Sears, Waverly; George Haynes, Franklin.

The club has between ninety and one hundred acres of land and water under lease. The lake, which covers twenty-six acres, is the property of the Burlington and the lease with the railroad company was secured when L. O. Howard was the division freight agent, thru the interest of N. G. Reinbach and J. G. Dowell. During practically all of the season a custodian is kept at the grounds and this year Charles Wann has that position. The preserves are about one mile southeast of Franklin and in the season members are there every day to enjoy the bathing, boating and fishing privileges. The lake is well stocked with fish, but the club members believed that they had too many of the large variety in the past and it is the intention to stock the waters with smaller fish. Mr. Dowell, because of his position as a deputy fish and game warden, will be of special service to the club in this regard.

Various state and federal officers have visited the club grounds within the past two or three years, and this inland lake has been frequently declared the finest one in the state. Each member is issued twenty-five tickets a year for use in taking friends to the grounds. When a member takes a friend for a day's fishing he must pay a fee of 25c into the treasury. The initiation fee in the organization is \$25 and the annual dues are kept at such a figure that the expenses of the club can be readily met and the grounds kept constantly in good condition. A commodious club house has been built and there are two bath houses. The seventeen or eighteen boats on the lake are all privately owned. The club members are anticipating a season of special pleasure, as interest in the organization was never better and the finances are in excellent condition.

ANNOUNCEMENTS.

FOR CIRCUIT CLERK.

F. M. Brewer is a candidate for the Republican nomination for circuit clerk.

BOARD OF EDUCATION.

I desire to announce my candidacy for member of the Jacksonville Public School Board under the general law. If my past services are such as to meet your approval I will be glad to have your support.

Ellsworth Wells.

I hereby announce that I am a candidate for membership in the Board of Education. I am pledged to no person, party or ticket, but to the good of the Jacksonville schools.

Lillian I. Danskin.

I hereby announce that I am a candidate for member of the Board of Education. I am pledged to no person, party or ticket, but to the good of the Jacksonville schools.

Mabel R. Vannier.

ANNOUNCEMENT

Last year I was elected by the people of the second ward as a member of the Board of Education for two years. The Legislature, without the consent of the people took away my rights to serve my full term. I therefore ask the people of Jacksonville to again elect me on the school board under the General School Law. If elected I will go into office as I always have without any promises, except to serve the best interests of all the people, and to act according to my best judgment, experience and ability.

L. H. Clampt.

ANNOUNCEMENT.

I hereby announce that I will be a candidate for president of the Board of Education at the coming school election to be held in Jacksonville, Ill. The legislature repealing the special school charter of Jacksonville also dismissed the old board of education thereby. When you elected me mayor you also elected me president of the Board of Education. I will be pleased to serve you as president of the Board under the general law. I was unpledged before, I will be entirely unpledged now. The best interests of the Schools is all that I will consider.

H. J. Rodgers.

CARD OF THANKS.

We wish to thank the many friends and neighbors for their acts of kindness during the illness and after the death of Mrs. Nancy McEvers. Mr. and Mrs. Cleo McEvers.

EAGLES HAVE PROSPEROUS YEAR UNDER PRESIDENT CORREA

Growth Shown by Aerie in All Parts of State—Program Outlined for Next Convention.

Frank U. Correa of this city will end his term as Worthy State President of Illinois Eagles at the convention which convenes in Rock Island June 13-15. The local aerie is proud of the record made by Mr. Correa as the order in the state has shown wonderful growth during the past twelve months. Mr. Correa has always worked for the best interests of the order and the result of his efforts is a higher personnel in the membership than ever before attained. He has added greatly to his already large circle of friends in the order thruout the state and retires as one of the most popular presidents in the history of the state aerie. Mr. Correa by virtue of his office will be the representative of the state aerie at the Grand aerie meeting which will be held this year in Savannah, Ga. His successor to the office of Worthy State President will be Emil Johnson of Moline, a prominent clothing merchant.

At the Granite City convention in 1913 Mr. Correa, tho a stranger to most of the delegates, became popular thru his work and was nominated for the office of Worthy State Chaplain by Samuel Cooper of Bloomington. He defeated his opponent by a good majority. Michael McGinnis and Mr. Correa represented the local aerie at this convention.

At the state meeting in Moline in 1914 Mr. Correa was nominated for State Vice President by George W. Davis. He defeated one of the strongest men in the order for the position by 29 votes. At the convention in Springfield in 1915 he was nominated and elected Worthy State President. The delegates at this convention were Henry Hering, Ralph R. Stringam and George W. Davis.

In company with other state officers Mr. Correa met with the convention committee of Rock Island aerie some time ago and arranged the program for the state meeting. One of the features will be a steamboat excursion to Muscatine on the Mississippi river, where the Iowa state aerie will be in session. On June 15 the Iowa delegates will make a visit to the Illinois State aerie where they will hear addresses by Grand Worthy President William L. Grayson of Savannah, Ga. and Frank E. Hering, past Grand Worthy President of South Bend, Ind.

During Mr. Correa's term as president all of the aeries in the state have become affiliated with the state aerie. Seventy-six aeries will be represented at the meeting in Rock Island with over 300 delegates and many visitors. Rock Island Aerie is the third largest in the state with a membership of 926. The aerie recently completed a \$15,000 home. The program arranged follows:

Tuesday, June 13, 1916.

9:30 a. m.—Opening of convention in Eagles' hall. Open meeting to the public.

HER WEDDING ANNIVERSARY.

Mrs. Joseph N. Taylor, of Hamilton, Montana, is visiting her friends and relatives in this city. Tuesday she was at the home of her brother-in-law, Mr. George W. Moore, of West State street. Mr. Moore now resides in the former home of his wife, daughter of Col. Geo. M. Chambers, and Mrs. Taylor was Miss Anna Chambers, her home name being "Puss."

It is more than an interesting coincidence to the lady that she is spending the anniversary of her wedding at the home where she was married forty nine years ago yesterday.

As is well known, Miss Chambers married Mr. Jos. N. Taylor, for years engaged in the lumber business in this city. Some years ago they removed to Columbus, Nebraska, and lived there for some time. Latterly the Taylors have been residents of the Montana town named above, and it is quite a step back from there to Illinois.

Mrs. Taylor's friends here will congratulate her upon this nuptial occasion passed in the house where her parents dwelt so long, and where they celebrated their golden wedding, Jan. 15, 1879.

Chicago, May 2.—Pitcher Doak allowed two hits today and St. Louis broke Chicago's winning streak by winning 3 to 0. Doak walked four men, but in the pinch pitched invincible ball. The visitors punched a single and a trip in the first inning for the first run and scored two more in the third on a base to Bescher, a sacrifice, Betzel's triple and Doolan's wild throw to safer of Loug's grounder. The locals also lost the services of Bill Fischer, the catcher who had his third finger broken by a foul tip. He will be out of the game for a couple of weeks. President Weegman announced however, that he had signed Bill Allen, the former Pittsburgh Federal catcher and he will go east with the club tonight.

HEALTH IS BASIS OF ALL CONTENT

The Half Sick Man or Woman is a Stranger to Happiness

Contentment is the very essence of happiness. But, to be contented, or happy, if you will, one must first have good health.

Our supreme toast to the one we admire is "Health, wealth and happiness," and the keystone is happiness.

So many persons complain of being nervous and run down. This is the age of speed, we haven't time to care for ourselves. These run down men and women are not exactly sick, but just tired out, languid or maybe good-for-nothing most of the time. Their business, their home and their life suffer.

They need something to build them up, something to throw off these symptoms of a weakened, debilitated condition produced by either mental or physical overwork or by the abuse of a vital organ—more often the stomach than any other.

That something has been found. It is Tanlae. A tonic of rare properties, an appetizer and general invigorant that rids the system of congestion, tones up the stomach, overcoming indigestion, headaches, backaches, non-assimilation of food, nervousness, dizziness, ailments of kidneys and liver, and the complaints that are so common to the half sick, debilitated men and women of today.

Its effect is like lifting your spirits gently back to the level of the world's happiness that rests on health.

Tanlae may be obtained now in Jacksonville at Coover & Shreve's drug stores, where its properties cheerfully are explained to all callers.—Adv.

MATERIAL DECLINES TAKE PLACE IN THE WHEAT MARKET

Close Is Heavy 1 1/2 to 2 Cents Net Lower—Other Leading Staples Suffer Net Loss.

Chicago, May 2.—Material declines took place in the wheat market today owing largely to rumors that advices from Berlin were less reassuring than had been generally expected. The close was heavy, 1 1/2 to 2c net lower with May at \$1.14 1/4 and July at \$1.16 1/4. Other leading staples, too, suffered a net loss—corn 3/4 @ 1/4 to 3/4; oats the same and provisions 1 1/2 to 3c.

Breaks in the stock market tended to emphasize bearish sentiment regarding wheat, and so also did unsettling reports about grave labor troubles. Export business amounting to upward of 1,000,000 bus. seemed to have little if any weight as an offset, the reason perhaps being that the greater part of the total was not domestic grown.

Corn finally gave way with wheat. At first the market showed considerable strength as a result of frost predictions and in consequence of reductions in available supplies.

Cats had no independent action except for continued tightness of the May option. Crop reports were said to be excellent in all directions.

In the provision pit there was heavy selling of lard and ribs on the part of recent large buyers. Lower prices at the yards had a discouraging effect on holders.

MINNEAPOLIS GRAIN MARKET.

Minneapolis, May 2.—Wheat lower; more favorable weather conditions in the northwest tended to lower prices. Receipts 133 cars, compared with 127 a year ago.

Cash wheat—No. 1 hard, \$1.28; No. 1 northern, \$1.23 @1.25; to arrive, \$1.22 @1.25; No. 2 northern, \$1.19 @1.23; No. 3 wheat, \$1.15 @1.20.

NEW YORK GRAIN MARKET.

New York, May 2.—Wheat—Spot weak; No. 1 Durum, \$1.30 @1.34; No. 2 hard, \$1.27 @1.30; No. 1 northern Duluth, \$1.33 @1.34; No. 1 northern Manitoba, \$1.31 f. o. b. New York.

COMES FROM TRENCHES TO TESTIFY

New York, May 1.—The will contest involving the fifteen million dollar estate left by Amos F. Eno will come up again today in the Surrogates' Court, and the star witness will be Edmond Bigaut, formerly Eno's valet, who has been allowed a furlough from the trenches in France in order that he might be a witness.

NORTHWEST MOVIE MEN MEET—Minneapolis, May 2.—The moving picture exhibitors of the Northwest are holding their fifth annual convention here today. Several thousand and movie men are attending, and several of the leading stars of the silent drama are here in the flesh. The convention is one of the liveliest ever assembled here, and every sort of entertainment is on the program. A film of the governor, the mayor and leading characters of Minnesota is being taken and pretty Minneapolis girls are making their first bow before the camera men.

THREE HUNDRED ENTRIES FOR HIGH SCHOOL MEET

SCHOOLS FROM WIDE AREA WILL BE REPRESENTED HERE FRIDAY.

Twenty-nine to appear in Preliminary Declaration Contest—Local High School Has Strong Team—Coach Harmon Finds Interest Greater Than Last Year and Big Attendance Is Predicted.

With more than three hundred athletes entered from thirty schools the second Illinois College interscholastic track and field meet promises to be one of the big events of the year in Illinois high school circles. The meet will begin promptly at 1 o'clock Friday afternoon, May 5. The participating schools come from a large area including Hinsdale near Chicago, East St. Louis, Peoria, Mason City and Pawnee, in addition to places closer to home. Coach W. T. Harmon has been receiving entries for several days past and the lists are practically complete, a few more athletes may take part in the contest. The first meet held last year proved an unqualified success and all indications point to a much greater meet this year. In declamation twenty-nine schools have entered contestants. The preliminary contest will be held Thursday evening at 7:30 o'clock in Jones Memorial building and will be continued Friday morning.

Seven or eight of the best will be selected to appear in the public contest Friday evening at 8 o'clock in David Prince auditorium. The same judges will serve in each case. Prof. J. G. Ames, head of the English department of Illinois college, is in charge of the declamatory contest. Ipsava, the last school to be heard from, sent two names and a message from the principal will specify the one who will take part. Other entries are Miss Bernice Wood, Jacksonville; Miss Mildred Jones, Ashland; David Watt, Winchester; Miss Louise Long, New Berlin; Miss Bessie B. Bell, Tallula; Clarence Stone, White Hall; Roscoe Lance, Table Grove; Louis A. Stitt, Atwood; Parolee McClure, Beardstown; Miss Lucille Northrup, Griggsburg; Stanley Ivan Yezzer, Harrisburg; Russell Johnston, Palmyra; Leon White, Petersburg; William McCarty, Sullivan; Miss Clara Mayer, Mason City; Miss Helen A. RECOVERY OF NEW JERSEY WOMAN

Due To Lydia E. Pinkham's Vegetable Compound.

Bridgeton, N.J.—"I cannot speak too highly of Lydia E. Pinkham's Vegetable Compound for inflammation and other weaknesses. I was very irregular and would have terrible pains so that I could hardly take a step. Sometimes I would be so miserable that I could not sweep a room. I doctored part of the time but felt no change. I later took Lydia E. Pinkham's Vegetable Compound and felt a change for the better after the second day. I took it until I was in a good healthy condition. I recommend the Pinkham remedies to all women as I have used them with good results."

Mrs. MILFORD T. CUMMINGS, 24 New Street, Bridgeton, N.J.

Such testimony should be accepted by all women as convincing evidence of the excellence of Lydia E. Pinkham's Vegetable Compound as a remedy for the distressing ills of women such as displacements, inflammation, ulceration, backache, painful periods, nervousness and kindred ailments.

TWO ARE KILLED IN STRIKE RIOT

to the employees, the management announced. Other plants continued to operate however, and when the news was brought to the marching throng, that the factories would have none of them, the route was changed and they stormed the buildings of the Sterling Steel Foundry company, whose employees have been working 8 hours a day for some time. The workmen were driven out and much damage done.

This success was quickly followed by attacks on other factories in the neighborhood, the marchers continuing their work of destruction at every place where the men refused to join them.

By noon the crowd had swelled to a mob of 2,000 persons, many of whom were visibly intoxicated.

Meeting no resistance, they marched to Hawkins Station where they attacked the plant of the Nicholson Chain company, employing 250 men. The frenzied mob swept thru the plant, driving men from their machines and knocking down all who stood in their way.

Move on Swissvale Factory.
Twenty or more workmen were injured before they were finally driven out, and the mob turned its attention to destroying property. From the chain works the mob moved on to the Swissvale factory of the Pittsburgh Lamp, Brass and Glass company nearby where 350 men, women and boys were at work. Everything possible was broken after the workmen had been chased away.

Shouting and hooting the rioters next appeared at the Thirteenth street entrance to the Edgar Thomson Works. For a time the strikers contented themselves with a demonstration in which they called upon workmen inside the wall to come out and join them.

This continued for perhaps half an hour when a man rushed out from a mob and, pointing his revolver toward the entrance fired as he ran. There was no response. A few minutes later, the firing from the mob became almost general.

After the streets in front of the entrance was clear, members of the mob reassembled in streets and alleys while leaders harranged them in foreign tongues. The guards strengthened their lines and prepared to escort such of the 6,000 or 7,000 workmen in the mill as desired to go home at the end of the day's work but the mob did not disturb them as they passed out, nor did it interfere with the night force which appeared for work.

A report was received at the district attorney's office late today saying rioting among strikers had occurred in McKees Rocks, but an investigation showed this to be untrue.

Both the men who were killed and a majority of the wounded were members of the mob, but the authorities have not yet determined whether they were strikers. A number of pedestrians were also hit by stray bullets.

Arrangements were made at a mass meeting of 3,500 strikers from plants in the Turtle Creek Valley tonight to picket the Edgar Thomson Works tomorrow. Six furnaces in the plant were banked tonight, indicating that the company does not intend operating them for some time.

MAKE PROGRESS TOWARD AGREEMENT

(Continued from page one.)

ference room and chatted awhile with a Mexican secret service man. He was smiling. Observing a score or more of men in the hallway, he asked:

"Who are these?"
On being told they were newspapermen, he laughed and said in Spanish:

"I pity them, poor things, I have nothing for them."

In a late message to the first chief, General Obregon reported that negotiations were proceeding satisfactorily to both sides.

Awaits Advice From Scott.

Washington, May 2.—Developments here in the Mexican situation tonight awaited advice from General Scott as to his further conferences with General Obregon at El Paso. The war department had received no report whatever from the chief of staff up to a late hour. Administration officials declared the situation to be unchanged in any respect after President Wilson and his cabinet had conferred at the regular Tuesday meeting. Secretary Baker said late today that General Funston's original orders to pursue the Columbus raiders into Mexico still stood, as did the original purpose of the expedition. There was no indication tonight of any change in the determination of President Wilson not to accept any proposal of the Carranza government conditioned on the immediate withdrawal of the American forces in Mexico. This element of the suggestions presented by General Obregon at the military conference and by Eliseo Arredondo, Carranza's ambassador delegate here, has so far proved a stumbling block to an agreement for wider co-operation in the bandit chase, the object of General Scott's discussions with the war minister.

From Mexican sources it was learned that based upon the immediate withdrawal of the American troops General Carranza has offered thru his two representatives to place an active army of 25,000 men in northern Mexico as soon as the Americans are withdrawn. The offer was accompanied by assurances, it is said that more than half of this force would be so placed as to guarantee border towns from future bandit raids while the remainder would be used in a vigorous pursuit of bandits until the whole territory adjacent to the border had been cleared of these outlaws.

CORONER'S JURY WILL RESUME THE MURDER HEARING, THURSDAY

Session Was Scheduled for Today but Witnesses Wanted Will Not Be Available Until Tomorrow.

The coroner's jury in the murder case of Ralph McDonald has postponed its hearing until Thursday morning at 9 o'clock. The jury adjourned to meet this morning but was unable to do so on account of not having witnesses it wished to examine.

Nonew developments has appeared in the case. Woolery is still being held at the police station. No trace has been found of Ross but Chief Davis is still of the opinion that he will be caught.

Some wild and weird stories were sent out or taken out about the murder. The Quincy Journal Monday carried a story to the effect that McDonald's eyes were gouged from the sockets and the body otherwise badly mutilated. All sorts of motives were given for the deed from robbery to black hand vendettas.

The Springfield Journal carried a story which attributed some wholesale burglaries at Riverton to a gang of men led by Ross who is wanted here in connection with the murder. There was absolutely no foundation for this story and so far as known here Ross left the city alone.

ENGLISH LAD FLEES WAR'S HORRORS

Arthur Hippard is the name of an English lad who was recently befriended by William Covey and is now at work on a farm a few miles south of the city. The boy, or young man, who is about twenty years of age, arrived here a few days ago after tramping thru the fields all the way from Hannibal. Four of his brothers are serving in the English army and his sister is a nurse in France. And so, as he frankly states, this lad came to America to avoid army service. Because of lack of experience he had some difficulty in getting regular work and when he landed here he was penniless and in need of more clothing. Mr. Covey having "a fellow feeling" for an Englishman, gave the traveler temporary employment and then helped him to get the farm work. With so many from this young man's family serving in the war, it would not be fair to charge him with lack of patriotism because he slipped away from war's horrors.

MR. FRACKELTON DIES AT PETERSBURG HOME

Robert S. Frackelton died Monday at his home in Petersburg. He had been a resident there for a great many years and had been employed as a bookkeeper in the Frackelton bank. His nearest relatives are cousins, C. C. Frackelton and Miss Clara Frackelton of Petersburg, David and Robert Frackelton of Cleveland, Ohio. The deceased was born in Ireland and came to America in his boyhood days. Some time since he gave up his bank position because of ill health. The funeral services will be held this afternoon in Central Presbyterian church in Petersburg.

MOTHER'S DAY WILL BE SUNDAY, THE 14TH

The Journal is informed that the correct date for Mother's Day will be May the 14th instead of the 7th as announced.

UNCLE OF MRS. E. C. LAMBERT PASSES AWAY IN IOWA.

Word Received of Death of T. B. Short at Age of 77—Brother of Late Dr. W. F. Short.

Mrs. E. C. Lambert received news recently of the death of her uncle, T. B. Short of Fairfield, Iowa. Mr. Short was born in this county June 6, 1838. He was a brother of the late Dr. W. F. Short and is known to a number of Jacksonville people. In the Fairfield Journal of April 25 mention is made of his illness which began late in March, and terminated in his death Monday evening, April 24, at 10 o'clock. Continuing the paper says:

Mr. Short was the son of Rev. Daniel and Diana Short and was born June 6, 1838, in Morgan county, Illinois. He also resided in Sangamon and Logan counties in Illinois before moving with his family to Fairfield, Iowa, Feb. 21, 1894. In earlier years he had been a farmer.

He was married June 11, 1868 to Logan county, Illinois, to Miss Jane Bell, and to this union were born two children, Miss Ella M. and Thomas B. Jr., the family circle having remained unbroken until the recent bereavement. Mr. Short is also survived by one brother, Samuel, of Seattle, Wash., and two sisters, Mrs. Mary A. Browne, Moorecroft, Wyo., and Mrs. Charlotte Mann, Baltimore, Maryland.

Jacksonville Lodge No. 570 A. F. & A. M. will hold a special meeting tonight, for work. Lunch will be served at six o'clock. Lodge opens immediately afterward. Visiting brethren welcome.

ARRESTED AT MEREDOSIA.

They enforce the liquor laws rigidly at Meredosia. Sunday George Black and Clark Little, two young men from Bluffs, were arrested on a charge of drunkenness and disturbing the peace and the day following were fined \$10 and costs each in Justice Ritscher's court. The young men had been passengers on an excursion boat and when they appeared in an intoxicated condition on the streets ignored the order of Constable Hughes to keep quiet and stay near the railroad station. Mayor Berger was sent for and ordered the arrest of the young men and they stayed in the lockup over night.

NEW WINCHESTER COUNCIL HOLDS FIRST REGULAR MEETING

Newly Elected Body Meets Tuesday Evening and Makes Appointments—Reception for the Rev. and Mrs. O. L. Pride—Winchester Personal.

Winchester, Ill., May 2.—The newly elected city council met for the first time Tuesday evening with a large number of visitors present. The councilmen are Albert Ezard, John W. Taylor and George Cohagan. Jacob Buckley was re-appointed city marshal and Andrew Jones, sexton. Joseph Lyman will succeed Mr. Enriken as street commissioner. Israel Scott will continue as night policeman. After some little discussion it was decided not to grant license again to the two billiard halls.

Reception for Minister
A pleasant reception was given by the congregation of Winchester Presbyterian church Tuesday night for the Rev. and Mrs. O. L. Pride and for the new members of the church. The event was held in the chapel and after a short program, games and contests were enjoyed and refreshments served.

Miss Ruth Bailey, who for the past two weeks has been quite ill, is improving.

Samuel Kinsley of White Hall was a business visitor here Tuesday. David Hainsfurther and Dr. Riggs, who left last week for Kokomo, Ind., and expected to return in a new Haynes car, have been delayed by condition of the roads.

Mrs. Owen Thompson is quite ill at her home here.

CLAS PARTY GIVEN BY MEREDOSIA PUPILS.

Delightful Social Event Took Place at the Home of Prof. Gould.

Meredosia, May 2.—The seniors of class of 1916, consisting of Edith Brookhouse, Greta Looman, Ada Moss, Elmo Galaway and Ernest Nortrup were entertained at the home of Prof. O. W. Gould and wife Monday evening by the senior class of last year, Beulah Butcher, Verna Ford, Freida Unland, Fred Muntman and the juniors of 1916, Ethel Butcher, Anna Easley, Lena Kappel, assisted by Prof. Gould and assistant principal, Miss Ina Gibson.

The home was tastefully decorated in keeping of May day in the class colors, blue and white. The hall bore the class motto, "We finish to begin." The parlor contained a prettily decorated May pole. The dining table bore a handsome May basket and bouquets of the class roses. A three course luncheon was served. Various contests and games of amusement were entered into by the guests of honor in which Greta Looman, Ernest Nortrup and Edith Brookhouse carried off prizes. The class prophecy was given by Anna Easley. At a late hour the guests departed for their homes with a feeling of deep gratitude for the hostesses in charge.

CONSERVATION CONGRESS BEGINS IN WASHINGTON

National Gathering Attracts Leaders From Many States—Resources Vitrally Related to Military Affairs.

Washington, May 2.—The National Conservation Congress is opening here today one of its most important meetings. Officials of state and nation, industrial leaders and the great thinkers of education and finance are gathered to consider the subject of mobilizing the industrial strength of the nation. Not with the clang of war or the shriek of danger is the big Congress undertaking the consideration of the subject, but rather with the realization that an industrial mobilization is one of the best guarantees of peace. The country that is prepared is less liable to attack, is the belief of the leaders who have brought representatives from all states together. And the nation that knows its own strength counts not only its men but its resources.

It is expected that President Wilson will address the Congress on one of the three days that it will be in session. E. Lee Worsham of Atlanta, Ga., is presiding. Other officers of the Congress, most of whom are attending, include President Drinker of Lehigh University, Dr. George E. Condra of the University of Nebraska, Joseph N. Teal of Portland, Ore., Dr. George C. Pardee of Oakland, Calif., Henry Wallace of Des Moines, Ia., E. A. Sterling of Philadelphia, J. B. White of Kansas City, George W. Field of Boston, Gifford Pinchot of Milford, Pa., B. N. Baker of Baltimore, Md., and Norman C. McLeod of Cleveland, O. These men are devoting their time to the work of conservation without compensation.

Bismarck said years ago that the next war would be war of resources as well as of men and munitions. It has been the almost perfect mobilization of her resources that has given Germany her power in the present European struggle. The lack of this exact knowledge which the Congress is trying to mobilize in the United States has been one of England's greatest handicaps, it is conceded by Britain.

"This will mean industrial preparedness," declares Herbert S. Houston of New York, who is identified with the plan approved by President Wilson which is already being taken up in the various states this week. "That is the very thing that England lacked. An industrial preparedness is not a war measure, but a peace measure. It will secure such an organization of national resources that the world will behold the potential power of America transformed into actual and available power. Its weight could turn the scales toward peace rather than war like settlement when international differences arose among nations."

"A trained body of efficient and scientific men will carry forward an undertaking of really momentous significance—nothing less than making a card index survey of all the manufacturing plants, to the end that industry may become the basic line of national defense if need comes."

MINE OWNERS' CONCESSIONS BEFORE CONVENTION

Pottsville, Pa., May 2.—The concessions which the mine operators will concede to the United Mine Workers under the new working agreement that is being formulated are being reported today by the representatives of the miners who have been conferring with a committee of mine owners. If it is satisfactory, it is expected that the agreement will be put thru without delay.

The bargaining between the anthracite operatives and the miners' representatives was conducted for many weeks in New York. It is known that the principal hitch is over the recognition of the union. The miners' delegates were instructed to insist upon this recognition. The meeting here today will receive the report for the result of the conference and will either sanction the terms of the agreement or send the negotiators back to try to effect more favorable terms.
